```

var salesOrder = new SalesOrder()
{
    Summary = new SalesOrder.SOSummary
    {
        CustomerID = "SO00000012",
        OrderDesc = "SO for Automatic Printing of Shipment Paperwork"
    },
    Details = new List<SalesOrder.SODetail> { new SalesOrder.SODetail("SO00000191",
"RETAIL2", "DV Item by quantity", 1.00m, 48.50m) },
    Shipping = new SalesOrder.SOShipping(CarriersTestData.EasyPost.CarrierPluginID,
"RETAIL2")
};

```

Also note here:

- We cannot devine this item
- If we do, we don't need anything
- If we do, we don't need **anything**
